

“GO AS FAR AS YOUR DREAMS CAN TAKE YOU.”

WEDDINGS PLANNED BY CONNIE

‘Go as far as your dreams can take you’ this is what has created Weddings and Events Planned by Connie. Connie Mezzanotte director realised that her creative talents and sincere willingness to assist the bride and groom plan a spectacular day inspired her to put these attributes to the benefit of her clients.

“It takes passion to be able to coordinate so many different things required to make a wedding day as spectacular as can be. Our slogan inspires our clients to not be afraid and to voice to us what their dreams are for their very special day,” says Connie.

“Our philosophy is to carefully listen to our client’s wants and dreams and add our creative skills to begin the enormous process of putting together an unforgettable celebration.”

The team at Weddings and Events Planned by Connie also understand that today, the bride and groom want something

memorable, different and on budget.

How would you like to celebrate your wedding day? On an exotic island location? What about on a vineyard with breathtaking landscapes of green vine leaves and mountains trapping the sunlight, on a beach with turquoise water hitting the powdery sand while the sun setting creates a romantic ambience that fulfills your hearts desires of being with the one you love?

Romantic and intimate weddings based on movie themes create a different and fun filled celebration and fireworks that fill the night sky with colours that will make for amazing photographs and put smiles of ‘wow’ on the faces of your most important family and friends.

Weddings and Events Planned by Connie want to know what your dreams are. Wishes can come to life, it is what Weddings and Events Planned by Connie do best.
